**COMMUNICATION RE  
INFORMATION DISCLOSURE  
STATEMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

This Communication is being filed to complement the Information Disclosure Statement filed on November 8, 2007 and to explain the submission of non-patent literature references being filed with this Communication.

An Information Disclosure Statement (IDS) was electronically-filed for this application on November 8, 2007 (a copy of the IDS, as electronically-filed is being filed with this Communication). There were several non-patent literature references cited in that IDS. However, all of the non-patent literature references could not be uploaded to the U.S. Patent Office at the time of filing the IDS due to limitations on the number of documents that can be uploaded at one time using the EFS-Web filing system. The references that could not be uploaded (i.e., references GJ and GK in the IDS) are being submitted with this Communication.

Applicants would like to point out that this is not a filing of a new IDS, but rather submission of references cited in a previously filed IDS that could not be uploaded at the time of filing the IDS due to limitations of the EFS-Web filing system.

In view of the foregoing, Applicants hereby requests that the references submitted with this Communication be included in and considered as part of the IDS filed on November 8, 2007.

The requisite IDS filing fees were paid at the time of filing the IDS and accordingly no new fees are required with this filing.

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 650-326-2400.

Respectfully submitted,

/Sujit B. Kotwal/
